

June 2020

Dear Parent/Carers,

Primary School Return

We hope you are all well.

Just to keep you updated - we are waiting for Welsh Government to provide learner and operational guidance for the statutory reopening of schools on the 29th June.

We expect to have this by Thursday and we will be in a position to fully communicate the arrangements to you on Monday 16th June.

You are probably aware already that schools will be looking and functioning in a very different way. It is likely that children will have the opportunity to be with their teacher for a limited period, in very small groups, while still observing social distancing.

To help us plan we would be grateful if you complete the questionnaire following the link below.

<https://www.surveymonkey.co.uk/r/8HBNG55>

The questionnaire will close noon **Thursday 11th June**. If you kindly complete one per family, ticking the year group your child/children is/are in and their names in the bottom box I would be very grateful.

Many thanks again for your on-going support and patience.

I will be in touch again next week with more detailed information.

Kind regards,

Dean Taylor
