

# A letter from your teacher...

Dear Y5TM,

Firstly, I would like to tell you all how proud I am of all the fantastic hard work you are putting in to your learning at home. I have been amazed by some of the brilliant art work, your superb writing, especially the use of ISPACE sentence openers and I have been blown away by some of the research tasks you have been completing. Also, a huge da iawn to those of you who are still practising your maths, through the weekly quiz as well as working hard on Abacus and Mathletics where I have seen lots of you practising through the activities and the weekly activities (I am keeping an eye on the leaderboard every week!), as well as your reading activities on Bug Club. Over the next few weeks, we will be setting more tasks for you on Google Classroom, some of these will be 'mini topics' which hopefully you will all enjoy. Mr Willmore, Mr Brewer, Mrs Bell, Mrs Burridge and I are all really looking forward to seeing more of your excellent work.

I hope you are all managing to stay well and having fun as well as relaxing at home with your families. I have seen lots of videos and pictures on Google Classroom and Twitter, where you have been creating your own games or keeping fit, through things such as Joe Wicks' daily workouts, or practising your football skills at home. Keep an eye out on Google Classroom, our class page on the school website or Twitter, where I will be posting more fun activities for you to try out at home! If you have any worries or concerns about school or your home learning, please ask for any help on Google Classroom and do not worry, we all have lots of questions that will be taken care of.

I am sure you are all missing school, all of the teachers certainly are and school has been very quiet when we go in. Hopefully we will all be back in school soon, in the meantime, keep working hard, keep having fun and keep on staying safe. I look forward to hearing from you all on Google Classroom and seeing more of your brilliant work.

Mr Merriman
